Part 4: How we pay you

Bereavement Support Payment is paid monthly.

We will pay your money into an account.

Many banks and building societies will let you collect your money at the post office.

We will tell you when we make the first payment and how much it will be for. We will tell you if the amount we pay into the account is going to change.

Finding out how much we have paid into the account

You can check your payments on account statements. The statements may show your National Insurance number next to any payments we have made. If you think a payment is wrong, get in touch with us straight away.

If we pay you too much money

We have the right to take back any money we pay that you should not have got.

This may be because of the way the system works for payments into an account.

For example, you may give us some information, which means you are entitled to less money. Sometimes we may not be able to change the amount we have already paid you. This means we will have paid you money that you should not have got.

We will contact you before we take back any money.

What to do now

- Tell us about the account you want to use on the next page. By giving us your account details, you:
 - agree that we will pay you into an account, and
 - understand what we have told you above, in the section **If we pay you too much money.**
 - If you are going to open an account, tell us your account details as soon as you get them.
 - If you do not have an account, please contact us and we will give you more information.
