Important information and ashes instructions

All metal residues will be recycled by a non-profit making company, and any proceeds will be donated to charity. If you do not wish for this to happen, and you wish to reclaim any metal residues, please tick this box. For more information please see www.apcandc.co.uk

I, the applicant for the cremation of the above named deceased can confirm that my instructions for the ashes are in the accompanying Application Form (Cremation Form 1).

We understand that this is both a very difficult time and a difficult decision. To that end we will contact you following the funeral to confirm your instructions and to offer any assistance you may need.

The Unattended Direct Cremation is available at 8.15am and 8.20am. There will be no service in the chapel and no mourners in attendance. Sometime following the cremation, staff at the crematorium will contact the applicant to confirm instructions for the ashes in order to offer any further assistance. There are many occasions when families change their decision having had time for further thought and discussion.

The Attended Direct Cremation is available at 9.00am. This option enables families to attend the crematorium to see the coffin in the chapel and be able to spend a few moments with the coffin before leaving the chapel. The crematorium staff will be available to help and assist you during the time at the crematorium, showing you both in and out of the chapel at the appropriate times. Music may also be played should you wish. Sometime following the cremation, staff at the crematorium may contact the applicant to confirm instructions for the ashes in order to offer any further assistance. There are many occasions when families change their decision having had time for further thought and discussion.

I can confirm that I have read and understand the contents of this form.
